**National Board Capacity Certification Number 02103 ( AQT )**

September 9, 2024

Aquatrol, Incorporated  
600 East North Street  
Elburn, Illinois 60119  
United States

Dear Eric Lambert,

Tests were performed at the National Board Testing Laboratory for the below Capacity Certification, as required by the Sections of the ASME Code listed in the scope below.

Based on the tests referenced below:

**Aquatrol, Incorporated** is hereby granted Capacity Certification and authorization to apply the "NB" mark and ASME Certification mark with the applicable designator to the valve type listed below. This authorization is only valid for the above location and only while the organization is fully implementing its quality control system as accepted by the National Board.

**SCOPE OF CERTIFICATION**

**Capacity Certification Number:** 02103  
**Valve Type:** Series 740 (Liquid)  
**ASME Code Designator(s):** UV  
**Media:** Liquid  
**Organization Type:** Manufacturer  
**Manufacturer:** Aquatrol, Incorporated  
**Certified Rating Value/Sizes/Pressure Range:** As listed in the [NB-18](#)  
**Expiration Date:** February 11, 2031

Please feel free to contact us with any questions.

Sincerely,

Heidi Metzmaier  
Technical Department - Pressure Relief Laboratory  
The National Board of Boiler and Pressure Vessel Inspectors  
National Board Testing Laboratory
